Dear New Mexico Medical Patient,

Having more than one chronic medical condition can be a frustrating experience.

You had previously enrolled in the Medicare Chronic Care Management (CCM) program in order to help you achieve the best possible outcome by coordinating the care amongst your health care providers, including the use of electronic communication (phone calls, email, fax), and 24/7 access to your electronic medical Record via the Patient Portal.

As enrollment in the CCM program is voluntary, disenrollment is also at the discretion of the patient. Your disenrollment from the CCM program will become effective at the end of the month in which you return:

- This form, complete with name and date information, below

New Mexico Medical is proud to continue to provide your Primary and Urgent care needs, including access to your medical records via the Patient Portal.

Thank you for assisting New Mexico Medical in providing you with excellent care.
