Family Practice, Pediatrics and Urgent Care serving the East Mountains.

Annual Wellness Visit

The Medicare Annual Wellness Visit (AWV) is a 20-30 minute discussion with the Wellness Coordinator, and an opportunity to review:

- Your prior and current medical status, including cognitive/mental functioning
- Activities of daily living (meals and snacks, physical activities and sleep patterns)
- Family medical history
- Current medications, supplements and drug allergies.
- A review of Advanced Directives, e.g., a brief discussion about considering a Health Care Proxy to make medical decisions on your behalf if you're unable to state your preferences.

Schedule your Annual Wellness Visit with the Medical Assistant or Front Desk Staff, today, or call the Wellness Coordinator at: (505) 249-4547.

Chronic Care Management

The Medicare Chronic Care Management (CCM) program is a voluntary service to in coordinating medical care for anyone with multiple medical conditions via monthly interactions with Primary Care Provider (PCP), including use of telephone, secure email and/or fax.

Qualifying conditions include, but are not limited to:

- Atrial fibrillation (Afib)
- Chronic Obstructive Pulmonary Disease (COPD)
- Depression
- Diabetes
- Heart Failure

Ask for an Enrollment Form for the CCM program from your PCP or Medical Assistant.
